EPA ID No. VA1210020730, 30 Day Extension Request for Response to First Round
Notice of Deficiency Addressing the Part B Permit Application for the Renewal of
the Hazardous Waste Subpart O Explosive Waste Incinerator Permit**

Dear Mr. Alberts:

The DEQ received your request for a 30 day extension request for the Radford Army Ammunition Plant's (RAAP) response to the Notice of Deficiency (NOD), dated October 7, 2014, for the submitted Part B renewal application for the Subpart O Explosive Waste Incinerator Permit via electronic mail on January 27, 2015. As detailed in your request letter, and discussed in our conference call on January 22, 2015, the extension is being requested to allow for additional research to be conducted to formulate your responses to the NOD. Your request for an extension has been approved and the revised deadline for RAAP's response to the NOD will now be March 6, 2015, which is a revision from the previously approved extension date of February 4, 2015. If you have any questions regarding the NOD while preparing your response please contact me at (804) 698-4467 or by e-mail at Ashby.Scott@deq.virginia.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Ashby Scott".
